

# List of charges for safe custody accounts, pension custody accounts and pledged custody accounts

Effective January 1, 2017

Here you can read about Danske Bank's general fees and charges for the safekeeping and registration of securities in custody accounts and for the services connected with their administration. The fees and charges are based on "Terms and conditions for custody accounts". Please contact the Bank if you require additional information on custody fees.

Generally, custody fees are subject to VAT, and all charges marked with an asterisk \*) are inclusive of VAT.

We charge custody fees half-yearly in arrears on May 31 and November 30. The fees are payable in June and December.

Please note that processing of custody account movements may generate several fees. Every time you pay a fee, you will receive a safe-custody fee note.

Danish and foreign securities registered with VP Securities Services	
Basic charge per custody account containing bonds, per half year	DKK 100 *)
No basic fee is charged for the safe-keeping of shares and unit trust certificates	
+ charge for portfolio changes, per transaction charged on all securities	DKK 12.50
+ a percentage of the nominal turnover/portfolio change We charge the turnover fee on nominal portfolio changes, and the calculation is based on all changes during the half year - irrespective of cause. We do not charge for portfolio changes which result from drawings and where the total amount drawn at each payment date does not exceed DKK 200.	0.001%

Danish securities which are not registered with VP Securities Services
